SALOON OWNER IS
FOUND DEAD WITH
BULLET IN BRAIN

John Azario Believed to Have
Committed Suicide by Fir-
ing Shot in Mouth; Revol-
ver Found in Hand.

The discovery that John Azario, 40
years old, had evidently killed him-
self was made shortly before noon
yesterday when an employee of Azar-
io's saloon, in Barcelona, went to his
room to learn why the place had not
been opened. Azario had a room at
the saloon.

Azario lay in his bed with a revolver
grasped in his left hand resting on
his body. In the palm of the right
hand was a black mark. No notice
for Azario's wishing to end his life
was known to his friends. No note was
found. The manner in which he met
death, however, was indicative of sui-
cide.

The bullet entered the roof of
Azario's mouth and ranged upward,
evidently breaking the skull at the
top of his head. The revolver was not
broken, but a spot placed indicated
the ball had broken the bone at the
top of his head. There were no pow-
der marks on Azario's lips. Under
Sheriff Dick Lewis said that his
tongue was blistered.

Inquest to Be Held Today.

The revolver was a 32-caliber, sin-
gle action weapon with a 44-frame. An
autopsy may be held to learn whether
the bullet that caused death was fired
from this gun. An inquest will be
held today before Justice Policarpio
Sánchez, of the Barcelona precinct. Jus-
tice Sánchez summoned a coroner's
jury yesterday morning and the jurors
viewed the body. The body was taken
to Strong Brothers' undertaking rooms.

A man, whose room was near Azar-
io's, heard him go to the well, out-
side the building, yesterday morning.
An hour later, after Azario had gone
back to his room, he heard a sound as
if someone had thrown a rock against
the building. That was about 8
o'clock. The sound he heard probably
was the shot.

Azario left a brother, Lawrence, and
a sister.

GUARANTORS APPOINT
EXECUTIVE COMMITTEE
FOR THE CHAUTAUQUA

Guarantors of the chautauqua at
the meeting held last night at the Y.
M. C. A. selected an executive com-
mittee which will appoint sub-com-
mittees. Clark M. Carr, D. A. Mac-
pherson, M. E. Hicks, D. S. Rosen-
wald, the Rev. E. P. Schuler, John
M. Moore, Jr., Mrs. John W. Wilson
and Mrs. J. N. Strumling are mem-
bers of the executive committee.

One of the committees to be ap-
pointed by the executive committee
will select the site for the chautauqua
tent. The tent, which the chautau-
qua people will bring, will hold 3,000
persons.

The prices of admission were fixed
last night. Children under 14 years
will be given season tickets for \$1 and
the price of season tickets for adults
will be \$2.50. The chautauqua will
open July 21 and run seven days. En-
tertainment will be given in the
morning, afternoon and night, making
an average price of 11 cents an enter-
tainment at the season ticket rate.
Many of the guarantors attended
last night's meeting.

HAD TO WASH HIS OWN
CLOTHES, MAN ALLEGES
IN DIVORCE COMPLAINT

That he had to wash his own
clothes, his wife refused to do wash-
ing, is one of the allegations made
by Frank Miller, whose attorneys,
Heacock and Cornell, yesterday began
divorce proceedings for him. That is
not the only alleged ground on which
he seeks a decree. His complaint con-
tains other, though not sensational
allegations.

Judge H. F. Reynolds yesterday
granted a divorce to Mrs. Anna Ryan
on a cross-complaint in which she
charged her husband, W. J. Ryan,
with failure to provide for her sup-
port and desertion. Ryan's complaint,
his wife's answer and cross complaint
were filed yesterday. Ryan did not
heavily evidence before the court in
support of his complaint.

BERNALILLO TEACHERS
INVITED TO ATTEND
EDUCATIONAL MEETING

An invitation to the teachers of
Bernalillo county to attend the meet-
ing of the National Educational as-
sociation has been received by Atan-
asio Montoya, county superintendent
of school.

The letter, which is signed by D. W.
Springer, secretary of the executive
committee, reads in part as follows:
"Additional speakers that have been
definitely announced for the general
sessions are as follows: President
Wilson, former President Taft, Chil-
dren Minister H. Wellington Koo, Al-
bert Shaw, editor Review of Reviews;
Thomas Mott Osborne, former warden
of Sing Sing; Senator Owen of Okla-
homa, President Charles R. Van Hise,
University of Wisconsin; Cora Wilson
Stewart, Kentucky; Ella Flagg
Young of Chicago, United States Com-
missioner of Education Claxton, Wil-
liam A. Wirt of Gary, President G.
Stanley Hall of Worcester, Prof. John
Dewey of Columbia. Invitations have
been extended to other prominent
persons and the probabilities are that
the June bulletin will contain a num-
ber of additional national figures.

"I trust you will call the attention
of your entire body of teachers to the
importance of considering this meet-
ing in the summer plans. The sum-
mer schools of Columbia university,
New York university, Hamilton col-
lege, Syracuse, Cornell and Harvard
have changed the dates of their open-
ings to July 16, in order to accommo-
date teachers who desire to attend the
N. E. A.

"In a number of cases superintend-
ents are heading parties of teachers
who will make the trip to New York
together. Very often the number of
teachers in attendance from any com-
munity could be greatly increased if a
group were organized. We trust
you will do everything in your power
to add to the publicity concerning the
meeting and to encourage your teach-
ers to attend.

"Parties of teachers can be taken
care of by the New York hotels at
lower rates than those quoted in the
bulletin. Any persons who are going
in parties will do well to write John
H. Young, Merchants association, N.
Y., telling him the probable number
and class of accommodations desired."

PRESIDENT WILL COME
TO ALBUQUERQUE IF HE
MAKES WESTERN TRIP

Probability that President Wilson
will visit the state fair is indicated
by letters from Secretary Tumulty and
A. A. Jones, assistant secretary of the
interior department. W. P. Southard,
president of the fair commission, re-
cently sent a telegram to the president
of the fair commission, recently sent
a telegram to the president asking
him to arrange his New Mexico
tour that he would be able to visit the
fair. At the same time he telegraphed
Assistant Secretary Jones to urge
the president to come and to come
himself.

Mr. Tumulty's letter says the presi-
dent is not sure now whether he can
make the western trip but that if he
does make the journey he will try to
arrange to see the state fair. Albu-
querque several hours of his time
even if he is unable to be here while
the state fair is going on.

Mr. Jones' letter was more encour-
aging. Mr. Jones promised to come
himself.

POLICEMAN HAS TO RUN
TO CATCH MAN CHARGED
WITH UTTERING CHECK

Jose Samuel Jaramillo was standing
on the porch of Mount Alton hotel
early last night when Patrolman Pak-
to Lujan went to the hotel. Lujan
was looking for Jaramillo, who was
going Lujan, made a break. He ran
through the back coal yard and
south along the Santa Fe railway
tracks, with Lujan after him. The pa-
trolman overtook him and took him to
jail.

Jaramillo is charged with uttering a
worthless check for \$11.69. Benito
Sandoval, a storekeeper at Martinez-
cuello, cashed the check.

SIGN SALOON LICENSE

That an application may be made
to Judge Reynolds of the district
court, for a writ of mandamus to
compel Mayor Henry Westerfeld to
sign a saloon license for Luigi Pucini
was rumored yesterday.

Mayor Westerfeld refused to attach
his signature to the license. The al-
cald council had voted five to three to
grant it. Pucini wants to open a sal-
oon in the 300 block on North First

POSSIBLE TRACE
OF MISSING MAN
FOUND BY GARCIA

Man in Charge of Herd of
Horses Tells of Seeing Fig-
ure Early Saturday on Peak
100 Yards Distant.

Only one possible new trace of
James Hennessey, the locomotive engi-
neer who disappeared several weeks
ago, was found by the last party of
searchers in the Sandia mountains.
And whether it was really Hennessey
who was seen is doubtful.

Sam Garcia, who returned yester-
day, came across a man, in charge of
a herd of horses, who told him of see-
ing a man on one of the lower peaks
at 5 o'clock Saturday morning. The
man was 100 yards away and the
horseman was unable to give a de-
tailed description of him. He said the
man appeared to stagger and sat
down.

Garcia started his horse up the
mountain, hoping to pick up the man's
trail, but the horse played out and he
was forced to stop. Others of the
searching party picked up no new
trace of the man who has been wan-
dering about the mountains.

The efforts to find Hennessey will
be continued with renewed vigor.
Plaques bearing his photograph are
to be scattered in the mountains. A
reward may be offered, but this is not
certain. Friends have been consider-
ing making an offer but their decision
has not been announced.

KNIGHTS OF PYTHIAS
ELECT NEW OFFICERS

The semi-annual election of offi-
cers of Mineral lodge No. 4, Knights
of Pythias, was held at the regular
meeting of the lodge last night, re-
sulting in the following being named
for the next month: Chancellor cot-
temander, George C. Taylor, vice chap-
lain, W. E. Stringfellow; prelate, C.
R. Casey; master at arms, George
Rowe; inner guard, Ira McPherson;
outer guard, F. Lyons; master of
work, A. H. Colgan.

The meeting was largely attended
and much interest was shown in put-
ting on the work in the rank of es-
quire. Next Monday night the rank
of knight will be conferred and lunch
will be served.

School Plans Considered.

Santa Fe, June 12.—The city
board of education met this afternoon
with Architect H. H. Rapp, to consid-
er the plans for the \$15,000 addition
to the high school. While the
building will be in the Santa Fe style
of architecture, it will yet be modern
in every detail and will include an audi-
torium. It is to be built on the unit
plan so that another unit can be ad-
ded at any time, there being ample
grounds for the purpose. The struc-
ture will be one story high in con-
formity with the modern idea that
school buildings should not be several
stories high.

Last of Commencements On.

Santa Fe, June 12.—This week the
last of this year's commencements are
being held, that of Loretto academy
on Thursday evening, and that of St.
Michael's college on Friday evening.
Both in the Loretto and St. Michael's
Loretto academy is the oldest school
for the higher education of girls west
of the Missouri and St. Michael's col-
lege is the oldest college for boys west
of the same river.

Sheep Averages Show Increase.

Santa Fe, June 12.—Reports from
the ranges in Rio Arriba, Mora and
Cofax counties have it that the in-
crease in sheep averages as much as
85 per cent, but that many lambs have
died because of the drought and the
cold nights.

Plain Clothes Favored.

London, May 15.—"Don't be
ashamed to wear old clothes in war
time," the exhortation placarded all
over London, has not fallen on deaf
ears. Few new spring suits are seen,
even on sunny days. Navy blue is
worn by nearly every one who is not
in mourning. A practical plainness
seems to be aimed at by the majority.

Leaders Go to Oyster Bay.

Chicago, June 12.—Raymond Rob-
bins, chairman of the progressive na-
tional convention, and Harold Ickes,
progressive national committee man,
announced today that they will leave
tomorrow or Wednesday for Oyster
Bay to talk over the party situation
with Colonel Roosevelt.

Indoor Life Makes Fat

TRY OIL OF KOREIN TO KEEP
WEIGHT DOWN OR TO RE-
DUCE SUPERFLUOUS
FAT.

People who are confined within
doors and who are deprived of fresh
invigorating air and exercise, must
take precaution to guard against over-
strenuousness, as fat acquired by indoor
life is unhealthy and a danger to the
vital organs of the body. Lack of
exercise in the fresh air is said to
weaken the oxygen carrying power of
the blood, so that it is unable to pro-
duce strong muscles and vitality and
the formation of unsightly and un-
healthy fat is the result.

If you are 15 or 20 pounds above
normal weight you are daily drawing
on your reserve strength and are con-
stantly lowering your vitality by carry-
ing this excess burden. Any persons
who are satisfied in their own mind
that they are too stout are advised to
go to Butt's, Inc., or any good drug-
gist and get a box of oil of korein
capsules, and take one after each
meal and one just before retiring at
night.

Even a few days treatment has
been reported to show a noticeable
reduction in weight, improved diges-
tion and a return of the old energy;
footsteps become lighter and the skin
less flabby in appearance as super-
fluous fat disappears.

Oil of korein is inexpensive, can-
not injure, and helps the digestion.
Any person who wants to reduce 15
or 20 pounds is advised to give this
treatment a trial.

DOUGLAS FAIRBANKS
AND FRED MACE
NOW AT THE PASTIME

As its special attraction for today
and tomorrow the Pastime theater
has Douglas Fairbanks in the best
picture of his career, entitled "The
Habit of Happiness."

The sunny disposition of Douglas
Fairbanks has at last been adequately
dramatized in a new Triangle Five
Arts release called "The Habit of Hap-
piness." According to the plot which
has been devised by Shannon Eric, and
elaborated by Director Allan Dwan,
Fairbanks has been given a profession
that approximates that of the Broth-
ers Cheerybe in "Nicholas Nickleby."

His particular business is to make
down-hearted people laugh. The very
novelty of this business has made
clients than he ever can hope to cure.

Among them is a cranky old mil-
lionaire, and Fairbanks takes peculiar
interest in his case because he has a
beautiful daughter. In the course of
his strenuous efforts to relieve the old
boy of the blues, Fairbanks unearths
a plot which is afoot in Broad street
(the Curb Market for a change) to
separate him from his wealth.

Details of the conspiracy aim to abduct
the millionaire and keep him safely
out of finance until a certain trans-
action is put over. Quite by chance,
Fairbanks finds himself involved in
this plot, and defeats it in a highly
ingenious as well as athletic manner.

In addition to the above picture,
Fred Mace will be seen in a serious-
dramatic "An Oily Scoundrel," "An
Oily Scoundrel."

Both are scheduled for Pastime the-
ater today and tomorrow.

G. L. Barrett is in the city on busi-
ness with the McCloskey Auto com-
pany. Mr. Barrett is the southwest-
ern representative for the Willard
Storage Battery company of Clevel-
and, O., with headquarters at Dallas,
Tex., and the McCloskey company is
the local agency.

Deafness Cannot Be Cured

by local applications, as they cannot reach the
diseased portion of the ear. There is only one
way to cure deafness, and that is by constitution-
al remedies. Deafness is caused by an inflamed
condition of the mucous lining of the Eustachian
tube. When this tube is inflamed you have a
rumbling sound or imperfect hearing, and when
it is entirely closed deafness is the result, and
unless the inflammation can be taken out and
the tube restored to its normal condition, hear-
ing will be destroyed forever; also cases set of
ten are caused by Catarrh, which is nothing but
an inflamed condition of the mucous surfaces.
We will give One Hundred Dollars for any case
of Deafness (caused by catarrh) that cannot be
cured by Hall's Catarrh Cure. Send for cir-
culars, free.
